

FLORIDA STATE FAIR BRANGUS/RED BRANGUS SHOW (This Show will be a combined IBBA Brangus/Red Brangus Show)

Judging: 2:00 P.M., Thursday, February 4, 2010

SPECIAL RULES AND REGULATIONS

Eligibility of Exhibits

1. Animals must be registered in the International Brangus Breeders Association (IBBA) to be eligible to compete in an IBBA-sponsored show. The registration certificate (or photocopy) for each entry must be available for presentation to the Superintendent or Show Manager at the time entries are verified prior to judging.
2. The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.
3. The registration number, permanent animal identification number (brand or tattoo), birth date and sire of each animal entered in an individual class must be listed on the entry form.
4. Animals eligible to be shown in group classes must be entered and shown in respective individual classes.
5. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.
6. Any animal found to have scurs and/or slick spots, or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap, will be disqualified from showing. Any animal upon check-in which does not have a legible tattoo or brand corresponding to its registration certificate is ineligible to show. Once disqualified due to incorrect or illegible tattoo/brand, animal cannot be re-tattooed and rechecked at the show. The brand/tattoo can be corrected and rechecked at the next available show.
7. Any Brangus animal recorded in the IBBA Registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.
8. In IBBA sanctioned shows, no animal may be shown that has been artificially filled with any amount of liquid at any time once the animal enters the grounds of a show. The fitter or ranch entity involved with an animal being artificially filled will be banned from the show ring for one year and the animal will be disqualified from exhibition at that particular show. The official show veterinarian may administer liquids orally, if so needed, without disqualifying animal(s) from exhibition.
9. No animal may be shown that has had any foreign objects glued to or otherwise attached in a manner so as to alter its conformation or change its appearance. Animals unethically fitted to alter the conformation or appearance of the animal will be disqualified. Tail ties and hair nets used on the tail and switch are the only exceptions.
10. All Brangus bulls 15 months of age or older that are exhibited at IBBA sponsored shows must have passed a fertility examination given by a licensed veterinarian to be eligible to show. The results of the examination should be sent to IBBA and will be kept on file. Once a bull has a positive examination on file with IBBA, retesting is not required.
11. Entries that have not complied with all the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Bull of the Year, and Show Heifer of the Year Awards.
12. All IBBA and IJBA members will abide by the show rules as adopted. In addition, any show, fair, event or display in which Brangus cattle participate should follow these rules as adopted by IBBA. All Brangus entries are subject to the provision of a rule of the IBBA entitled "Inspection of Exhibits".

Inspection of Exhibits

1. The IBBA and its representatives have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to and cover the enforcement of all show rules as adopted by IBBA.
2. Each exhibitor shall submit his or her registered Brangus cattle to such tests and examinations as requested and/or required by the IBBA, its authorized representatives, or those of the relevant show.
3. For and in consideration of the opportunity to participate in any Brangus function each exhibitor hereby releases the Association, its officers, directors, and representatives from negligence, any and all claims, suits, and judgments past, present or future, arising from or connected with the administration or use of such test or examination and the resulting decision there from.
4. Dental inspection: All entries may be classified for judging on an age basis and should be entered in class according to age. Teeth may be inspected by a veterinarian designated by the I.B.B.A. in order to determine whether dental development is within allowable limits for the class so entered. If the veterinarian determines that in his or her opinion dental development

exceeds maximum allowable limits, the animal shall be moved to an older class as determined by the veterinarian and shall remain in that class until determined otherwise by subsequent mouthing or favorable appeal to the Executive Committee. If it is not possible to move an animal, the animal may not be exhibited in such show.

5. Any Exhibitor desiring to dispute or challenge the results of any such test, exam, or show rule enforcement, as applied to animals, shall do so in accordance with procedures established by the Rules of the IBBA.
6. Appeal: An appeal from the decision of the veterinarian or designated association representatives designated by the I.B.B.A. under sections 1 and 4 of the Inspection of Exhibits may be made to the Executive Committee of the IBBA if the following requirements are satisfied: (1) The appeal is in writing and is signed by the appealing party; and (2) the appealing party files the written appeal with the IBBA Executive Committee as soon as possible after the veterinarian's or designated association representative's decision is rendered and in any event within six (6) hours of the time the veterinarian's or designated association representative's was made. If an appeal satisfying the foregoing requirements is filed with the IBBA Executive Committee, the Executive Committee shall hold a hearing at which the appealing party and the veterinarian or designated association representative whose decision is being appealed shall present statements and other evidence that are relevant to the matter, following which the Executive Committee shall render a decision which shall be final and conclusive.

International Brangus Breeders Association Blood/DNA Typing For Parentage Verification

Each Brangus animal for which an entry application or registration is received may be subjected to a DNA/blood typing test in order to verify both accuracy of parentage and DNA/blood type, according to Rules 1 and 2 of the International Brangus Breeders Association (IBBA) Inspection of Exhibits. At selected shows and fairs, blood samples will be taken from all division champions and reserve division champions for the purpose of verifying parentage and DNA/blood type. Staff or representatives of IBBA will supervise the collection of blood samples which can be taken at shows, fairs and events where IBBA contributes premium money or where IBBA staff personnel participate. Cost of the DNA/blood typing procedure will be paid for by IBBA. If a recorded parent is excluded (as a parent) as a result of DNA/blood typing, the owner of the animal may request, at his or her own expense, further determination of the actual parent. Failure to determine the sire and dam will result in the animal being listed in the IBBA Registry as a "Parentage Dispute", and the animal will be ineligible for future shows and exhibitions.

BRANGUS/RED BRANGUS PREMIUM SCHEDULE

1st=\$100, 2nd=\$90, 3rd=\$80, 4th=\$70, 5th=\$60, 6th - 10th=\$50
